

## NOTIFICATION ON LOCKDOWN EXTENSION

In line with the update issued by the Office of the Prime Minister (PMO) on January 20, 2022 via social media facebook page, Samtse Dzongkhag shall continue to be under **lockdown (Zoning System)** until further announcement. While the Dzongkhag is still under Lockdown (Zoning System) all the measures and protocols issued in the 'Notification on Activation of Zoning System' on January 17, 2022 by the DC-19TF shall continue to be strictly observed by the general public. The lockdown has been extended because the sample collection and testing for COVID-19 from the Dzongkhags that were under the 72 hours lockdown is still ongoing. The test results will ascertain the status of disease presence in the Dzongkhag and determine the actions thereafter.

For any queries related to the ongoing lockdown contact helpline at **1077** for assistance.
